

~~CONFIDENTIAL~~  
~~SECRET~~

29 June 1951

Chief, Medical Staff

Chief, PCD/MO

Acknowledgement of research requirements of TSD/MO as of  
28 June 1951

1. The aforementioned requirements have been acknowledged by PCD and these research problems will be initiated as soon as the T/O of PCD has been completed.

2. The maintenance of a file of medical regulations and physical requirements of the Army, Air Force and Navy as well as the maintenance of a current file regarding diseases endemic and/or epidemic in the world with also a current file regarding immunization needs and requirements throughout the world will be turned over to the Physical Requirements and Standards Officer and such work may be initiated forthwith. The study of the advisability of typing certain overseas personnel as well as the establishment of liaison with the Army, Navy and Public Health civilian facilities will be initiated as soon as proposed T/O for PCD has been accomplished.
